

# Make Your Own #DemConvention Sign

## Instructions:

- #1** Choose your favorite sign and download the file.
- #2** You can choose between a **smaller poster** (8.5x11") or a **bigger poster** (14x22").  
***If you're making the smaller poster, print page 2!***  
***If you're making the bigger poster, keep reading!***
- #3** Print out pages 3-8 of the sign in color on single-sided sheets of paper.
- #4** Cut away the blank border on each page so that you can line up the tiles seamlessly.
- #5** Assemble your tiles. There is a ½ inch overlap on each sheet, so you will need to overlap each page.
- #6** Tape together the tiles on the backside of the paper.
- #7** Hang up your sign and show your support for the 2020 Democratic National Convention!
- #8** Don't forget to take a photo with your sign and post it on social media using **#DemConvention**.
